

CAVALRY™

Assembly Guide

EN-CAU3I

Enclosure

Thank you for purchasing the CAU3I user-configured enclosure! The CAU3I enclosure is tough and cost-effective. It's designed to unleash the true speed of your hard-disk via the blindingly-fast next-generation USB 3.0 connection! The sturdy enclosure is easy to assemble and disassemble. The aluminum alloy transfers excess heat through the case--safely away from the delicate Hard Disk. Please read the entire guide before beginning the assembly.

The package contents include:

- ❖ CAU3I Enclosure Metal Lid & Drive-Tray
- ❖ USB 3.0 Cable, Stand and Screws
- ❖ CAU3I Quick-Start Guide
- ❖ CAU3I Power Supply

You will need (not included):

- ❖ One 3.5" SATA Hard Drive
- ❖ Philips-Head Screwdriver
